Sir:

AMENDMENT

In reply to the Official Action dated November 19, 2002, please amend the application as

follows:

IN THE CLAIMS:

Please amend claims 1 and 17 as follows:

1. (Amended Three Times) An apparatus for capturing information from a substrate, comprising:
- means for providing a viewing area for assisting a user in positioning an apparatus over a particular area of a substrate; and
 - means for capturing coded embedded data from the surface of the substrate said embedded data including an orientation of the substrate and a location of the coded embedded data on the substrate.
